

Transition of Care Policy

'Ohana makes sure new members can get needed services as they transition to the health plan.

New members may continue ongoing services for a period of time after enrollment. This happens even if the provider is not in the health plan network.

Your provider is required by law to send your history to your new provider when requested.

Members in the second or third trimester of pregnancy may continue care with their prenatal care provider through the postpartum period.

'Ohana supports members in the transition to network providers. New members are referred to the right providers in the health plan network. Members will transition to network providers when it is safe to do so within the transition period.

'Ohana is here to help. If you have any questions about access to services or transition of care, please contact Customer Service.

‘Ohana Health Plan complies with applicable Federal civil rights laws and does not discriminate, exclude people, or treat people differently because of race, color, national origin, age, disability or sex.
