

Clinical Laboratory Improvement Amendments (CLIA)

MEDICAID PROVIDER NEWS & EDUCATION

CLIA

The Clinical Laboratory Improvement Amendments of 1988 is federal legislation with the objective of ensuring quality laboratory testing (Section 353; Public Health Services Act, 42 United States Code §263a – Certification of laboratories) and Centers for Medicare & Medicaid Services Title 42 CFR Part 493. It applies to any facility or individual Provider that performs laboratory services and wants to receive payments under Medicare and Medicaid programs.

Staying Compliant

WellCare will continue to uphold the Federal guidelines to ensure laboratory claims submitted by providers meet these requirements:

- A valid CLIA certificate for the type of tests you are performing for each location*
- An active CLIA certificate

* Exceptions: mobile labs, Not-for-profit or Federal, State or local government laboratories and laboratories located within a hospital campus.
